

PROFESSIONAL PROFILE

Product Designer specialized in **end-to-end development of accessories, jewelry, packaging, and retail design**. I lead projects from initial concept to pre-production and tech pack delivery. Trusted by premium brands like Christian Dior Iberia, and Old Jeffrey to balance aesthetic impact with technical viability. Expert in 3D modeling (Rhinoceros, AutoCAD, Fusion 360), KeyShot, and physical manufacturing (resin, ceramics, metal, among others). I leverage AI tools (Vizcom, Gemini, Manus) to accelerate ideation and maximize efficiency.

TECHNICAL SKILLS

3D Modeling & Rendering	Rhinoceros · Fusion 360 · KeyShot · Grasshopper · AutoCAD · SolidEdge
Product Development & Manufacturing	Technical drawings, BOMs, prototyping, 3D Printing (Bambulab, ANYCUBIC), materials research, supplier sourcing
Graphic & Visual Presentation	Adobe Creative Suite (Illustrator, Photoshop, InDesign, Dimension) · Sketchbook.
Workflows	AI-powered design tools (Gemini, Vizcom, ChatGPT, Manus), trend analysis, and project management.

PROFESSIONAL EXPERIENCE

Product Designer Intern · María Torné Cerámica & Joyería · Oct 2025 – Mar 2026 · Madrid, on-site

- Managed the end-to.end production cycle for porcelain and metal jewelry, including material preparation, technical assembly, and rigorous quality control.
- Designed tools and developed prototypes using 3D modeling and printing to ensure precision and optimize manufacturing processes.
- Manufactured and assembled pieces, integrating metallic and ceramic components to meet premium design standards.

Product Designer Collab · Iberia Parfums Christian Dior x UDIT · Sep 2024 – May 2025 · Madrid, remote

- Designed “Dior’s Essence,” an immersive corporate gift that aimed to enhance the brand’s connection with its employees.
- Developed suistanable luxury packaging using recycled cardboard, textiles, and raffia, ensuring balance between premium aesthetics and environmental responsibility.
- Created custom structural design with high-precision compartmentalization for corporate gifts and personalized brand communication.

Product Designer · Old Jeffrey · Oct 2023 – Jun 2024 · Madrid, hybrid

- In charge of the comprehensive design for a perfumery project (bottle, cap, labels, and packaging), including 3D models and renders, managing technical files and direct negotiations with manufacturers up to pre-production.
- Designed exclusive textile patterns for 2025 swimwear Napoli collection (featured in the Top 5 by [Fuera de Serie](#) Expansion), executing the process from initial sketches to digital design in Illustrator.
- Created comprehensive tech packs, technical drawings, and specifications for each pattern, handling direct communication and file delivery with factories to oversee production.
- Conducted strategic material sourcing, reviewed prototypes, and designed packaging and graphic materials to ensure visual consistency across the brand’s lifestyle goods.

Product Designer Collab · Quimbaya by Edwin Rodríguez x UDIT · Sep 2023 – May 2024 · Madrid, remote

- Conceptualization and development of "Girallia": a rotating hanging bottle rack for cocktail bars, optimizing storage capacity and operational ergonomics.
- Fusion of technical feasibility and premium aesthetics, adapting the product to the visual and functional demands of fine dining.
